

Day 1 December 4 (Thu)

Room	Venue	Time																								
		8		9		10		11		12		13		14		15		16		17		18		19		
		00	30	00	30	00	30	00	30	00	30	00	30	00	30	00	30	00	30	00	30	00	30	00	30	
Room1	Himegin Hall	1F	Main Hall			Opening	Symposium 1 How should medical institutes and researchers face to the revised ethical guidelines for medical/epidemiological research involving human subjects?	Invited Lecture Translation from preclinical studies to clinical outcome:Focusing on the prediction of pharmacokinetic properties of drugs			Debriefing Session of Trainees (Back from Overseas)	Foundation Award Lecture			Symposium 8 Tips for Investigator initiated clinical trials from planning to NDA ~successful experience learned from achieved team~											
Room2			Sub Hall				Symposium 2 Merits of new biomarkes for drug treatment in clinical practice	Educational Lecture 1 The Collaboration between Medical and Pharmaceutical Field for Innovative Drug Development	Luncheon Seminar 1					General meeting of members	Symposium 9 Must-do list for boosting First-in-Human study in Japan											
Room3		2F	Shinju A				Symposium 3 "Japan's NIH":The Launch of AMED (Japan Agency for Medical Research and Development)	Educational Lecture2 Utilization of patient-level clinical trial data: Drug development and regulatory review	Luncheon Seminar 2							Symposium 10 Monitoring and Audit in Investigator-initiated Clinical Trials: Current Practice and Challenges										
Room4			Shinju B				Symposium 4 Clinical Research Network ~ Aiming to establish a more functional research network in Japan	Educational Lecture3 Population pharmacokinetic/pharmacodynamic analysis in clinical study	Luncheon Seminar 3							Symposium 11 Pharmacometrics, as a Field of Clinical Pharmacology 2 ~ Pharmacometrics is focusing beyond pharmacokinetics ~										
Room5		3F	Conference room 6				Symposium 5 Clinical Pharmacology of Pharma and Food sharing Common Origin	Educational Lecture4 Practical issues surrounding research ethics committees	Luncheon Seminar 4							Symposium 12 The importance of domestic and international collaboration in the orphan drug development										
Room6			Conference room 8				Symposium 6 Research Forefront of ion channels and transporters aiming at new drug development									Symposium 13 Issues in clinical trial in mental disorders										
Room7	Himegin Hall annex	1F	Conference room 11				Symposium 7 Present status of molecular-targeted agents in cancer therapy																			
Room8	Kango Kenshu Center	3F	Dai-Kenshu shitsu			9:00-9:54 Free paper Oral 1	9:57 - 10:51 Free paper Oral 2							Hands-on Seminar	16:30 - 17:33 Free paper Oral 3	17:36 - 18:30 Free paper Oral 4										
Poster	Himegin Hall	1F	Lobby	Poster mounting	Poster exhibition								Presentation	Poster exhibition				Poster removal
