

The 34th Japan Conference of Radiological Technologists (34JCRT)

The 34th Japan Conference of Radiological Technologists (34JCRT) and The 6th Asian Radiotherapy Symposium (6ARTS) will be held from September 21st to 23rd, 2018 at KAIKYO MESSE SHIMONOSEKI and Shimonoseki City Lifelong Learning Plaza (DREAM SHIP) in Shimonoseki city, Yamaguchi. 34JCRT and 6ARTS are hosted by Japan Association of Radiological Technologists (JART) and Yamaguchi Association of Radiological Technologists. The conference main theme is “Let's promote team medical care with the nation”, and a sub-theme is “The Direction of Tomorrow”. Educational topics and workshops in 34JCRT will feature more than 27 aspects in the fields of education and radiological technologies. Well-known scientists will be invited for educational lectures, special lectures, keynotes and theme symposia. For further information about the 34JCRT and 6ARTS, please visit: <http://www.convention-w.jp/jcrt34/index2.html>

Conference Key-Words:

Medical Safety, Radiation Safety, Radiology Equipment Safety, Medical Imaging Management, Medical Imaging and Information, X-ray Imaging, Radiographic, Gastrointestinal Series, Angiography, Computed Tomography, Magnetic Resonance Imaging, Ultrasonography, Bone Density, Nuclear Medicine, Single Photon Emission Computed Tomography, Positron Emission Tomography, Radiation Therapy, Head and Neck Radiology, Chest Radiology, Abdominal Radiology, Bone and Soft Tissue Radiology, Cardiovascular Radiology, Mammography, Interpretation, Education, and Others

Important Date:

Abstract submission Deadline: **May 15, 2018**

Notice of acceptance: June 30, 2018

Registration Deadline: **July 31, 2018**

Registration Fees:

JPY 17,000 (including evening reception)

Abstract Submission:

Please select your preferred session for your submitting abstract.

- 1) International Session
- 2) Asia Radiotherapy Symposium Session

All presentation should be oral presentation in English using PowerPoint (Oral presentation only).

Please submit your abstract within **250 words** for proceedings of publication. The abstract should have the **Purpose** of your study, **Materials and Methods**, **Results**, and principal **Conclusion** with an emphasis on the new aspects of your study. An oral presentation is 10 minutes in length but your actual speech is 7 minutes and the rest of time should be for a question and answer session. For the submission of your abstract, please send it via <http://www.convention-w.jp/jcrt34/abst.html>.

If you have any questions about the 34JCRT, feel free to ask the program committee, Dr. Naoki Kodama (e-mail: n_kodama@jart.or.jp).

Travel Support Grants:

The objective of travel support grants is to support up to 5 international Radiological Technologists or Radiographers who make oral presentations in an international session and participate in the 34JCRT in Japan. The travel support grant is worth US\$1,000 each and covers airfare and hotel accommodations. All the applicants must submit the following two items to the JART office (e-mail: info@jart.or.jp):

- 1) An application form for the Travel Support Grant
- 2) A letter of nomination (**From the president of your Association**)

Closing date of submission for the travel support grant: **May 15, 2018**

Please send your application to JART office (e-mail: info@jart.or.jp) by the deadline.
